

## Rinnai Vent Component Configurator

The following Ubbink Vent Components are to be utilized with the **LS-Series Rinnai Hot Water Systems**:

- The VA series models incorporate a condensate collector and do not require an “adapter” vent component.
- Plastic vent components consist of an outer plastic vent for the air intake and an inner aluminum vent for the exhaust gases.

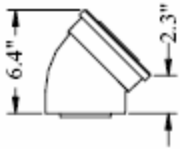

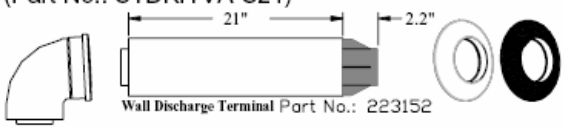

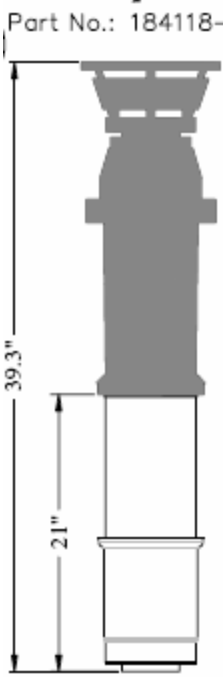

Refer to the Rinnai installation manual and the Ubbink installation instructions for complete installation details and requirements.

Qty	Description	Product ID	Picture
	Vent Pipe 90 ° Elbow	244063	 <p style="text-align: center;">90° Vent Pipe Elbow Part No.: 224063</p>
	Vent Pipe Extension	224051 – 10”	 <p style="text-align: center;">Vent Pipe Extension L=10”</p>
	Vent Pipe Extension	224052 – 19.5”	 <p style="text-align: center;">Vent Pipe Extension L=19.5”</p>
	Vent Pipe Extension	224053 – 39”	 <p style="text-align: center;">Vent Pipe Extension L=39”</p>
